Public Reporting of Part C Data
Crawford County
July 1, 2005 – June 30, 2006

Information for Crawford County regarding indicators that the Help Me Grow program is required to report for Part C of the Individuals with Disabilities Education Act (IDEA) is found on this page. Each indicator is discussed below with a detailed description of the data points collected for the measure along with comparison data regarding state performance targets and outcomes.

Indicator 1 – Percent of Part C infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner.

This indicator was not reported in Ohio's 07/01/05 – 06/30/06 APR because it was included in the state's Compliance Agreement with OSEP.

Indicator 2 – Percent of Part C infants and toddlers with IFSPs who primarily receive early intervention services in the home or programs for typically developing children.

Part C IFSPs with the primary service provided at home or in a setting designed for typically developing children	50
Total Part C IFSPs as of 12/01/05	56

07/01/05 – 06/30/06 County Performance	89% (50/56)
07/01/05 – 06/30/06 State Performance	84%
07/01/05 – 06/30/06 State Target	77%

Indicator 3a – Percent of Part C infants and toddlers with IFSPs who demonstrate improved positive social-emotional skills (including social relationships).

This is a new indicator and baseline data has not yet been collected for this county.

Indicator 3b – Percent of Part C infants and toddlers with IFSPs who demonstrate improved acquisition and use of knowledge and skills (including early language/communication).

This is a new indicator and baseline data has not yet been collected for this county.

Indicator 3c – Percent of Part C infants and toddlers with IFSPs who demonstrate improved use of appropriate behaviors to meet their needs.

This is a new indicator and baseline data has not yet been collected for this county.

Indicator 4a – Percent of Part C families in Help Me Grow for at least six months who report that early intervention services have helped the family know their rights.

Number of Part C families that responded that they agreed/responses met standard	18
Total surveys received	18

07/01/05 – 06/30/06 County Performance	100% (18/18)
07/01/05 – 06/30/06 State Performance	91%
07/01/05 – 06/30/06 State Target	N/A

Indicator 4b – Percent of Part C families in Help Me Grow for at least six months who report that early intervention services have helped the family effectively communicate their children's needs.

Number of Part C families that responded that they agreed/responses met standard	17
Total surveys received	18

07/01/05 – 06/30/06 County Performance	94% (17/18)
07/01/05 – 06/30/06 State Performance	91%
07/01/05 – 06/30/06 State Target	N/A

Indicator 4c – Percent of Part C families in Help Me Grow for at least six months who report that early intervention services have helped the family help their children develop and learn.

Number of Part C families that responded that they agreed/responses met standard	18
Total surveys received	18

07/01/05 – 06/30/06 County Performance	100% (18/18)
07/01/05 – 06/30/06 State Performance	91%
07/01/05 – 06/30/06 State Target	N/A

Indicator 5 – Percent of Part C infants and toddlers age birth to 1 on 12/01/05 with IFSPs.

Part C children under the age of 1 with IFSPs on 12/01/05	6
2004 Census count of children birth to age 1*	578

07/01/05 – 06/30/06 County Performance	1.0%
07/01/05 – 06/30/06 State Performance	1.38%
07/01/05 – 06/30/06 State Target	1.0%

Indicator 6 – Percent of Part C infants and toddlers age birth to 3 on 12/01/05 with IFSPs.

Part C children under the age of 3 with IFSPs on 12/01/05	56
2004 Census count of children birth to age 3*	1,620

07/01/05 – 06/30/06 County Performance	3.5%
07/01/05 – 06/30/06 State Performance	2.50%
07/01/05 – 06/30/06 State Target	2.2%

Indicator 7 – Percent of Part C eligible infants and toddlers with IFSPs for whom an evaluation and assessment and an initial IFSP meeting were conducted within Part C's 45-day timeline.

This indicator was not reported in Ohio's 07/01/05 – 06/30/06 APR because it was included in the state's Compliance Agreement with OSEP.

Indicator 8a – Percent of all Part C children exiting Help Me Grow who received timely transition planning to support the child's transition to preschool and other appropriate community services by their third birthday including IFSPs with transition steps and services.

This indicator was not reported in Ohio's 07/01/05 – 06/30/06 APR because it was included in the state's Compliance Agreement with OSEP.

Indicator 8b – Percent of all Part C children exiting Help Me Grow who received timely transition planning to support the child's transition to preschool and other appropriate community services by their third birthday including notification to school district if a child is potentially eligible for preschool special education.

Data was not collected for this county regarding this indicator in the current year.

Indicator 8c – Percent of all Part C children exiting Help Me Grow who received timely transition planning to support the child's transition to preschool and other appropriate community services by their third birthday including a transition conference at least 90 days before age 3, if the child is potentially eligible for preschool special education.

This indicator was not reported in Ohio's 07/01/05 – 06/30/06 APR because it was included in the state's Compliance Agreement with OSEP.

Notes regarding the indicators

* This information was retrieved from the Population Estimates Program of the U.S. Census Bureau under a collaborative agreement with National Center for Health Statistics. For more information, see http://www.cdc.gov/nchs/about/major/dvs/popbridge/datadoc.htm.

** The information for this indicator was not displayed as the numbers of responses received were too small to be significant for reporting purposes.

For each of the indicators listed above **N/A** denotes an item as "Not Applicable". An item denoted as "Not Applicable" refers to an indicator that is either a new measure (in the case of targets) or measures for which data has not yet been collected.
