

Ohio Help Me Grow
2007 Part C Family Questionnaire
County Data Report

Clermont County

Survey Response Rate

Comparison Area	Surveys Received	Surveys Sent	Response Rate
Clermont County	35	93	38%
Large Counties (100,000-249,999)	549	1259	44%
Statewide	2517	6176	41%

In calculating response rates for counties, ODH took a number of steps to achieve the most efficient measure possible, taking into account lags in data entry for exited children and family circumstances. The initial data pull for all Part C families receiving services on December 1, 2006 included those who were exited in Early Track (hereafter, called **Part C Extract**). In order to achieve an appropriate pool of survey recipients, ODH staff removed the following groups from the potential pool:

1. families whose exit from the program was reflected in the Early Track system (hereafter, **Early Track Exits**).
2. families judged inappropriate to include because:
 - (1) they were duplicated on the list because two or more siblings were in the program, or
 - (2) the family was in crisis at the time of survey distribution (hereafter, **Crisis/Duplicates**). These families were eliminated from the distribution pool altogether.
3. families noted by counties who should have been exited in Early Track but, for whatever reason, were not (hereafter, **County Reported Exits**).

In order to include information about families who had received services in the time frame under study, but had since exited from the program, ODH staff combined the **Early Track Exits** with the **County Reported Exits** to create a comprehensive list of exits (hereafter, **Total Exits**). ODH sampled 1,000 of the total exits (hereafter, **Exit Sample**) and administered the survey by telephone. These 1,000 sampled cases out of the **Total Exits** were added to the pool of potential respondents.
