For each of the indicators reported **NR denotes an item as "Not Reported" and **NA** denotes an item as "Not Applicable". "Not reported" indicators represent measures that Ohio did not report in its 07/01/05 - 06/30/06 APR since they are included in Ohio's Compliance Agreement with OSEP. "Not applicable" indicators are items that either are new measures (in the case of targets) or measures for which data has not yet been collected.
