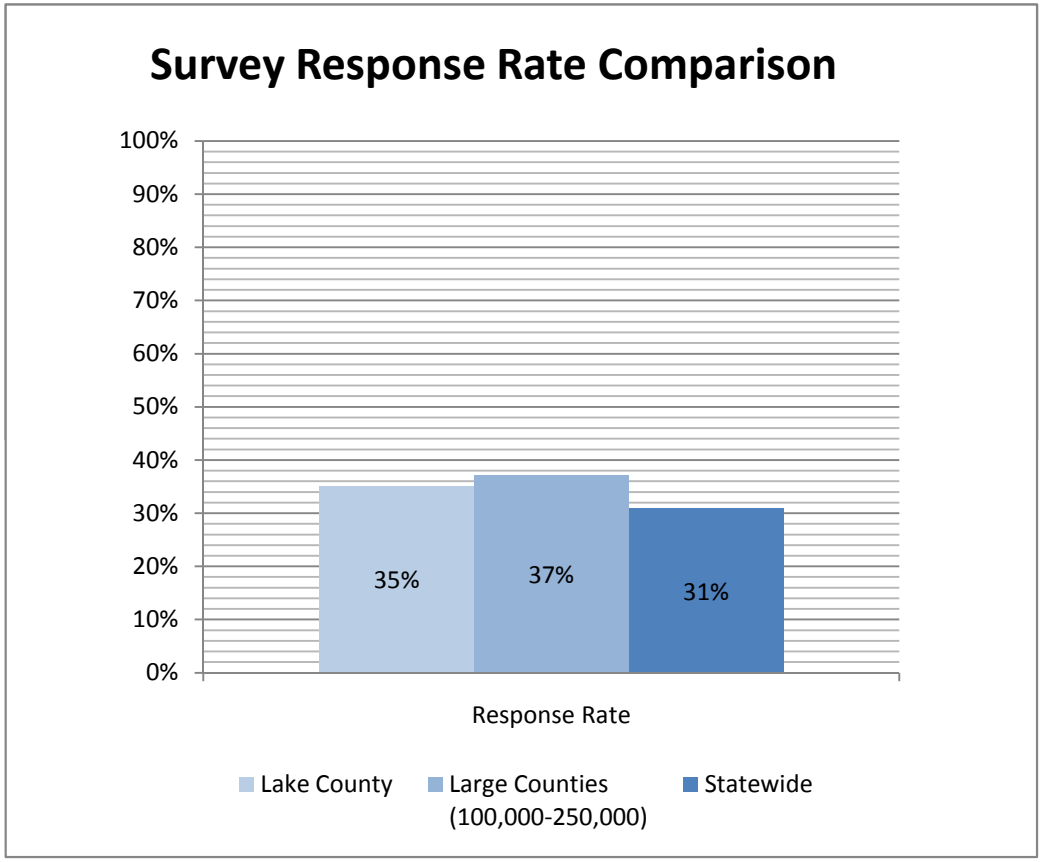
Ohio Help Me Grow
2009 Part C Family Questionnaire
County Data Report

Lake County

Survey Response Rate

Comparison Area	Response Rate
Lake County	35%
Large Counties (100,000-250,000)	37%
Statewide	31%



Response Rate Calculation Method

Questionnaires were distributed to families still enrolled in the program on June 30, 2009 with a current Individualized Family Service Plan from the October 1, 2008 child count. The Ohio Department of Health received 1642 surveys for a response rate of 31 percent.

Footnotes

Response scales to the survey questions varied by question, as follows:

- For questions 1 through 6, 8 and 10 through 16 responses were collected as a standard, one through seven Likert scale, where one indicates the least positive outcome and seven indicates the most positive outcome.
- For questions 7 and 9, responses were collected as a yes/no, don't know or don't remember choice
- For question 17, responses also were collected on a one through seven Likert scale, where responses of 5, 6 or 7 indicates visits at a frequency of two or three times a week or more.
- For question 18, responses were collected on a one through five Likert scale, where a response of 4 or higher indicates being satisfied or very satisfied with the HMG program.
