County Data Report

Gallia County

Survey Response Rate

| Comparison Area                | Response Rates |         |                |
|--------------------------------|----------------|---------|----------------|
|                                | Part C         | At Risk | Combined Total |
| Gallia County                  | 43%            | 27%     | 33%            |
| Small Counties (10,000-50,000) | 51%            | 51%     | 51%            |
| Statewide                      | 41%            | 40%     | 41%            |

**Response Rate Calculation Method**

In calculating response rates for counties, ODH took a number of steps to achieve the most efficient measure possible, taking into account lags in data entry for exited children and family circumstances. The initial data pull for all Part C families receiving services on December 1, 2006 included those who were exited in Early Track (hereafter, called **Part C Extract**). In order to achieve an appropriate pool of survey recipients, ODH staff removed the following groups from the potential pool:

1. families whose exit from the program was reflected in the Early Track system (hereafter, **Early Track Exits**).
2. families judged inappropriate to include because:
  - (1) they were duplicated on the list because two or more siblings were in the program, or
  - (2) the family was in crisis at the time of survey distribution (hereafter, **Crisis/Duplicates**). These families were eliminated from the distribution pool altogether.
3. families noted by counties who should have been exited in Early Track but, for whatever reason, were not (hereafter, **County Reported Exits**).

| 8               | Aware of complaint procedures      | Yes                    | 7                  | 7             | 100%                       | 78%            | 74%       |
| 9               | Comfort participating in meetings  | 5 or higher            | 7                  | 7             | 100%                       | 89%            | 92%       |
| 10              | Participated in IFSP development   | Yes                    | 5                  | 6             | 83%                        | 86%            | 88%       |
| 11              | Aware of programs and services     |                        | 7                  | 7             | 100%                       | 95%            | 90%       |
| 12              | Meet and interact with families    |                        | 6                  | 6             | 100%                       | 79%            | 69%       |
| 13              | Quality of medical care for child  |                        | 7                  | 7             | 100%                       | 96%            | 95%       |
| 14              | Quality of child care currently    | 5 or higher            | 3                  | 3             | 100%                       | 83%            | 80%       |
| 15              | Someone to help when needed        |                        | 7                  | 7             | 100%                       | 81%            | 73%       |
| 16              | Someone trusted to talk and listen |                        | 7                  | 7             | 100%                       | 87%            | 86%       |
| 17              | Treated with respect by HMG staff  |                        | 7                  | 7             | 100%                       | 99%            | 99%       |
| 18              | How often visited by HMG staff     | 5, 6 or 7              | 5                  | 6             | 83%                        | 63%            | 65%       |
| 19              | Overall satisfaction with HMG      | 4 or higher            | 7                  | 7             | 100%                       | 97%            | 95%       |

**Footnotes**

Response scales to the survey questions varied by question, as follows:

- For questions 1 through 7, 9 and 11 through 17 responses were collected as a standard, one through seven Likert scale, where one indicates the least positive outcome and seven indicates the most positive outcome.
- For questions 8 and 10, responses were collected as a yes/no, don't know or don't remember choice
- For question 18, responses also were collected on a one through seven Likert scale, where responses of 5, 6 or 7 indicates visits at a frequency of two or three times a week or more.
- For question 19, responses were collected on a one through five Likert scale, where a response of 4 or higher indicates being satisfied or very satisfied with the HMG program.
